Asking for volunteers to work on this

- Neighbors Night Out: August 1, 2023 - would love to have a group of interested volunteers to help with the logistics and to coordinate the evening.
- Neighborhood Clean Up – If we provide the city with at least 30 days’ notice, they will work with us to provide trash bags, grippers and gloves. We need to determine site and time then submit to the city so they can make sure they have supplies to us in time.
- Neighborhood signs – This is a project that is being rekindled at the City Site map is in the calendar marker. These are metal signs. Evidently these were put in place in the 1990’s. If you enlarge the map, you can see the red dots where signs were originally placed. Centennial did not have any signs in the original plan. Would we want to be added? Input on where the signs should be?

Questions from neighbors and guests?
